

Carlisle Refrigeration

SERVICE CENTRE MANAGER

We are one of the UK's leading independent commercial, industrial and transport refrigeration and air conditioning companies established in 1973. We have represented the world leader in transport temperature control equipment, Thermo King as a main sales and service dealer since 1975.

We are a multi-million pound turnover company with a workforce of 100. We operate from three locations; Carlisle, Birtley and Glasgow and have a number of personnel working on customer sites throughout the UK.

We are looking to recruit a Service Centre Manager, to be responsible for the Carlisle commercial and transport service activity, to include engineers working on customer sites.

The successful candidate will have:

- **A proven track record in management, with experience gained in a related service environment.**
- **Communication skills to manage staff and delegate work.**
- **Technical ability and an understanding of the need to be proactive and able to prioritise work where unforeseen circumstances arise.**
- **The personality to develop customer relationships with focus on the need to provide first class service at all times.**
- **The ability to assume responsibility for meeting branch budgets, management objectives and maximising profit potential.**

The importance and seniority of this role will be reflected in the remuneration package which will be based on a salary of circa £40,000 pa, profit related pay incentive, and benefits commensurate with the position to include life assurance and pension scheme

Please apply in writing providing a comprehensive resume of your experience to date and outline why you will be the ideal candidate for the position, together with your Curriculum Vitae to:

David E. Lowe, Managing Director, Carlisle Refrigeration Ltd, Brunthill Road, Kingstown Industrial Estate, Carlisle CA3 0EH.

Closing date 18th November 2011.
